

**FRONT RANGE
BAPTIST ACADEMY**

Dispensing/Administration of Drugs

Prescription Medications

Prescription medications will be given only if the following requirements are met.

1. Written permission from the parent or guardian is in the academy office.
2. Written authorization from the physician is in the academy office. The pharmacy labeled bottle cannot be used as the physician's written authorization.
3. The medication is provided by the parent in an individual pharmacy labeled bottle for the student who is to receive it.

Non-prescription Medications

Non-prescription medications will be given only if the following requirements are met.

1. Written permission from the parent or guardian is in the academy office.
2. The medication is provided by the parent in an individual pharmaceutical company labeled bottle.

Please note, if your child comes to the academy office to request Advil or Tylenol, he/she will be given the medication only if the above requirements are met. FRBA will not provide medication for students.
